New Product Announcement

SURGE PROTECTORS | POWER FILTERS

POWERQUEST 2 AND POWERQUEST 3

The important **safety and performance** benefits of advanced power filtration are now available to anyone who has invested in a soundbar, subwoofer, receiver, HDTV, or complete high-performance audio/video system. AudioQuest's new PowerQuest 2 and Power-Quest 3 make high-performance more attainable than ever before.

Designed by AC power expert Garth Powell, the same mind behind AudioQuest's multi-award-winning Niagara Series of power products, the new PowerQuest 2 and PowerQuest 3 are based on the same competence, insights, and design ingredients that make all Garth's products so effective.

Compared to similarly priced devices, PowerQuest filters **remove far more noise and distortion,** dramatically improving the performance of connected devices.

Unlike traditional surge protectors, PowerQuest's **non-sacrificial surge protection** prevents both high voltage and current from causing damage, and ensures that the PowerQuest unit will not fail over time — giving us the confidence to provide a **$1,000,000 Connected Equipment Warranty.**

Both units have slim profiles designed to fit tight spaces and can be oriented either vertically or horizontally in cabinets or racks, or even hung on walls. Further, both units feature a **directionally optimized concentric-geometry power cord.** Sending truly clean power to audio/video systems has never been as simple, convenient, or affordable.

POWERQUEST 2

- 6 AC Outlets: 1x 4K/8K Video Optimized Linear Filter; 1x High-Current; 4x Linear Filter
- 2 High-Speed USB charging ports
- Signal Line Protection: Cable/Satellite
- 14.9" W x 6" H x 2.6" D (378mm W x 153mm H x 65.5mm D)

Description	US Retail
PowerQuest 2: 6 Outlet Surge Protector | Power Filter	**Please see the latest Price Book for the most current pricing.**

POWERQUEST 3

- 8 AC Outlets: 2x 4K/8K Video Optimized Ultra-Linear Filter; 2x High-Current; 4x Ultra-Linear Filter
- 4 High-Speed USB Charging Ports
- Signal Line Protection: Phone, Network, Cable/Satellite
- 14.9" W x 7.4" H x 2.6" D (378mm W x 188mm H x 65.5mm D)

Description	US Retail
PowerQuest 3: 8 Outlet Surge Protector | Power Filter	**Please see the latest Price Book for the most current pricing.**
